**We are delighted to announce our very first Spiritual Cetacean Journey
on San Juan Island, WA with the wild Orca Whales.**

**Would you like to spend a week on a beautiful and sacred island, going
out on a comfortable boat to commune with the wild Orcas of the Salish
sea?**

**We are excited to create this opportunity to be with the Orcas, and
other whales and marine animals that we will interact with.**

The Orca are one of the most beautiful Whales in the world with their striking black and white contrast.

They are actually toothed Whales and are the largest of the dolphin species.

They are known by many for their intelligence, strength and wisdom.

They commonly demonstrate their love and curiosity for us, and often create friendly interactions with humans.

I am an animal communicator, and I dearly love to share the messages, wisdom and healing energies that the dolphins and whales offer us.

The Cetaceans are the wise, ancient, super sentient Beings of our planet and are calling us out to come and see them!

Through the years of channeling the messages of the Whales and Dolphins for humanity, I feel one of the most powerful gifts the Orcas can offer us is a physical and emotional DNA tune up or calibration.

They have shared that it is their hearts' desire to assist us with our healing with their unique gifts.

They have the gift of sonar and are all telepathic which allows them to use these abilities to actually alter and activate our DNA.

I look forward to assisting those that are called to this Spiritual Orca Journey to activate their telepathic abilities with the Orcas and to open to receive their amazing healing energies. We will have so much fun and joy with the Orcas, but will also have the opportunity to go deep into our own core healing.

We will integrate and merge our energies with the wise and beautiful Orcas who are Oracles of wisdom, during our magical week together.

Everyone will shift and we truly will be wiser and more capable of carrying more consciousness and light in our bodies when we leave the San Juan Island.

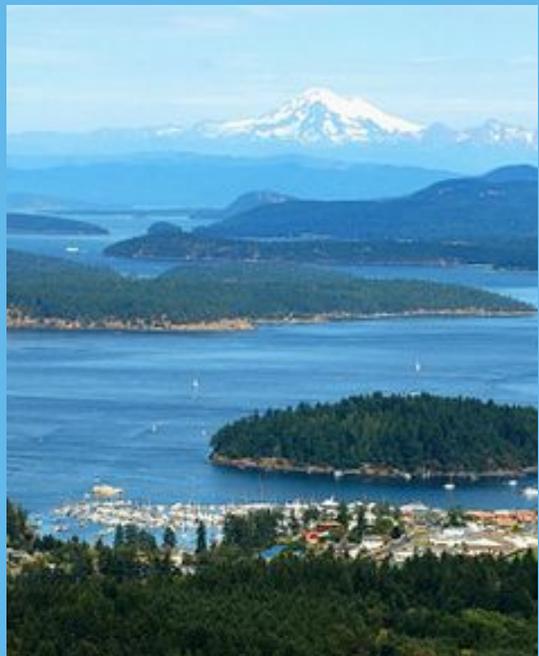

1. Create a deep and powerful connection with the Orca Whales - Meet them on 4 different boat trips to see their pods and connect to them from your heart!
2. Practice using your Telepathic abilities to communicate with the Orcas
3. Open to the Orcas as great healers as you allow them to merge with you and assist in healing and clearing your body
4. Work with the Orcas in calibrating your DNA to Expand Your Consciousness
5. Experience Light Body Activations guided by Laurie Reyon & Master Cat Puddah
6. Experience Conscious Time Travel with Seth to awaken to your Soul's knowing
