

CREATING YOUR PERMANENT MERKABA

2 Day WORKSHOP at the
Omni Dimensional Mystery School
in Oceanside, CA with REYON &
the MASTER CAT PUDDAH

Saturday & Sunday, Jan. 28 & 29

Reyon is a student of Drunvalo Melchizedek and communicates with the Great Whales of Earth. This experiential Workshop will assist you in understanding the nature of Human Consciousness and how it relates to your Cosmic connections and your Origin of Creation.

It is intended to greatly accelerate your Spiritual Growth and prepare you for Ascension. We will enter into the Sacred Space of the Heart and explore the Inner Sanctum of your Sacred Heart. We will utilize ancient tools for Rebirthing and Healing at every level of your existence. We will teach you how to balance your Pineal-3rd Eye and create Alpha Waves through creating the 8 Beams of Light. We will utilize the portal of the 11-11-11 to assist you in creating a Permanent Merkaba Field of Light. These methods and keys to Higher Consciousness are now available in the Modern World.

Drunvalo Melchizedek Quote: "By itself, the Mer-Ka-Ba is incomplete. It is the heart that contains the original instructions of Life, and when the heart is again in control of a person's life, Life responds with joy and power. When the Mer-Ka-Ba is directly connected to the Sacred Space of the Heart, that person's life becomes interconnected to all life everywhere and moves into higher consciousness naturally."
