

THE LEMURIAN EXPERIENCE - 2024

ANDREW OSER

Andrew is Professional Guide to many Sacred Sites on Mount Shasta. He shares a deep connection with and love for Mount. Shasta. Andrew has 45 years of experience hiking and camping on the mountain and has led Sacred Site tours since 2006. It is his passion to help visitors open to the many gifts of Mount Shasta. Andrew is a voice, so to speak for the mountain. He tells us he can put into words what she expresses in her awesome Silence.

He will be leading our retreat group on a Sunset Tour on Mount Shasta on July 11th. The title of this tour is The Journey to Telos and Beyond. This guided journey will bring everyone to a doorway into the mountain. This is a gateway into the Eternal Presence/Love, which is the Source of All. Mount Shasta embodies and radiates this Presence and offers sincere seekers the chance to come Home to their Eternal Self. Here you may connect with Telos and be assisted in receiving and integrating the gifts of Mount Shasta.
